DCJ

It is my opinion, and I'm sure many of us who are very prejudiced will agree, that our own harbor is one of the prettiest on the coast, but that does not mean that we can't appreciate the beauty that others offer. One of the finest on the coast of Maine, which is so richly endowed, is the harbor at Camden. No town that we have seen utilizes its harbor to the maximum as Camden does and that fact makes it quite unique and very picturesque.

This is the home port of many of the cruise ships as well as a very active resort town. The small harbor is absolutely jammed with boats of all sizes. Some of the cruise ship schooners are very fortunately equipped with centerboards which allow them to be moored to walkways floating out from the shore while the ship itself sits in very shallow water on the bottom. Hundreds of other small craft of all types are

tied to floats which zig zag in crazy quilt fashion out over the water allowing easy access by foot from the wharfs. While, to casual observation, it might seem haphazard, there must be much trial and experimentation behind this method because it seems to work so wonderfully well. The large cruise ships wind their way out with no fuss at all and all of the small craft seem to be tied up with little or no trouble. It is truly a wonderful place for picture taking since

all of the boats are within easy range either from the shore or from the floats. The whole shore on the inside of the harbor is a park which rises bowl-like from the harbor's edge. On special occasions, such as firework displays, the whole park is an amphitheater for people to seat themselves to watch the show over the panorama of boats moored below. The river still empties into the harbor by an old mill pond with gates and a spillway, and this is incorporated into the side of the park. For those leaving the harbor by boat,

Mattapoisett Selectmen's Meeting

JULY 28, 1987-by VIRGINIA ARRAL

PETITIONED TO HOLD A SPECIAL TOWN MEETING

In another effort to raise the funds to cover an 11 percent increase in the Old Rochester Regional District School budget, Selectmen last Tuesday were presented with a petition signed by 233 voters asking the Board to call a special town meeting to "raise and appropriate, borrow or transfer from available funds the additional sum of $94,591.00 to pay the town's apportioned share of the Old Rochester Regional School District certified operating budget for fiscal year 1988, or take any other action".

The petition was presented to the Selectmen by James A. Bradshaw, who was told the special town meeting would have to be held within 45 days, providing 200 of the signatures were certified by the Town Clerk. (In a check the following day, Town Clerk Lois Ennis said 200 of the signatures were certified. She said the 45 days started when the peti-

tion was presented to the Selectmen, making the 45 days on September 11.)

Selectman John N. DeCosta said there is very little free cash at this time and an exact figure will not be known until the state Department of Revenue certifies the free cash. "It could be very soon or it could be two months from now", he said.

Selectman William F. Hubbard commented that out of the free cash "we will have to pay for the town's share of ORR's Blue Cross/Blue Shield insurance increase, as well as increase in the town's insurance for town employees". When asked how he felt about the request for a special town meeting, Selectman Frank M. Suzan said he felt it would be inappropriate to comment at this time. "Voters have the right to call for a special town meeting".

Town Clerk Lois Ennis said Selectmen control the warrant and, if they want to include other articles in the same meeting, they can do this. "We still have articles from the annual town meeting that need to be addressed and there most likely will be a special town meeting on these articles either with or separate from the school issue article."

Town Accountant Betty Sears explained the $200,000 figure of free cash cited in a daily newspaper is not necessarily correct. She said it could go $100,000 either way when the certification comes through from the state Department of Revenue. "I'm working on the figures now to

get them to the state by the middle of August, then we should have the final free cash figure within three weeks," she said.

The accountant noted there still may be a need for a special election to vote on an override if everything requested is approved at the town meeting by the voters. She added that the $94,491. is still 2½ percent over the allowable increase the town is allowed to spend. If passed, there will still have to be a special election.

Mattapoisett previously rejected an override that would have given the ORR District School Committee the 11 percent increase. At a school committee meeting last week it was voted to recertify its original budget at $4,434,976, which represents an 11 percent increase over last year's spending. Annual town meeting voters in Mattapoisett and Rochester supported an increase of 6.4 percent - $217,000 less. Marion voters approved the increased budget; however, two out of three towns in the district must approve in order for the third town to go along with the vote. After the defeat of the overrides, the ORR School Committee voted to stay with the increased budget and continue operating the schools until the money runs out and they have to close.

In other business, Selectmen:

school system. "You (Selectmen) are the check in the balance and it's only proper that you be kept informed". Mr. Hanna said he was soliciting the board's support in "protecting the children of Mattapoisett." He said, "The ORR School Committee's budget is nothing but a half inch of thickness of paper. There are funds not reported and expenses not reported. There has been no effort to balance the budget; the committee just keeps asking for added monies.

Mr. Hanna asked that the Selectmen request the state to send an auditor to do an audit on the ORR District School Committee budget to determine just what it does cost to run the schools. Hanna said he is not accusing anyone of any wrong doing, he just feels an audit is a legally accepted step.

The last audit of the school committee budget, Hanna said, was done in 1983 and is not up-to-date. He noted he was told by the Superintendent's office the last audit was done in 1983. According to state law, an audit should be done annually.

Selectman Hubbard said he favored having an audit done. Although the state will send an auditor, the state no longer picks up the tab for the

auditor; the three towns in the district will have to share the cost. Selectman Hubbard asked Mr. Hanna what if other towns don't want to pay for an audit. Hanna replied according to state law an auditor will come and a bill will be sent to the towns and they will have to pay.

Selectmen agreed an audit should be taken. Selectman Suzan said, "For the good of all concerned, I feel we should discuss this first with Marion and Rochester Selectmen and the ORR School Committee."

On another matter concerning the ORR School Committee regarding a discussion last December about the one person/one vote ruling, Mr. Hanna asked, now that this has been state-mandated, "how do we make it a reality?"

As a result of this question, Selectmen agreed to ask the town's representatives to the ORR School Committee to attend a joint meeting with Selectmen. Selectman Suzan commented that in five years "I've never seen them except when they are called in".

Selectman Hubbard added he wanted to say he was proud of the town's own ORR Committee members and that they were fair in the way they voted. They asked for a review of the budget and did not vote with the majority for a return to the larger budget and continue spending until the funds run out, then close the schools.

Committee following a presentation by Robert M. Coquillette, member of the Growth Management Study Committee and its Historic District subcommittee spokesman. Also present were Constance Keavy, also a member of the sub-committee, and Pat Bernard, member of the Mattapoisett Historical Commission.

Mr. Coquillette was named acting chairman of the Historic District Study Committee until the committee appoints its own chairman. He said the appointment of a study committee, comprised of from three to seven members, is the first step necessary to establishing a Historic District. He explained a state legislative act in 1955 established a Historic District Commission which now consists of 57 districts in the state.

The second step is to prepare a preliminary report by including defining what it is that is historic about an area, a survey of its historic buildings and homes. A historic district has nothing to do with zoning but just to protect the architectural set-up and to encourage new designs. Controls are designed to preserve the outward appearance of a building visible from the street. "We are fortunate in Mattapoisett because homes are tight-

ly together, especially in the Water and Cannon Streets area. Mr. Coquillette said a recent survey conducted by the Growth Committee showed residents want Mattapoisett to stay the way it is; a Historic District is one way to help to protect that feeling.

If the Historic District concept passes at a town meeting, the ordinances on the warrant can include certain exclusions, such as TV antennas, screens and whatever is voted by those living in the proposed district.

Selectman Suzan asked, "What if I chose to put a skylight in my home, then what? That was the trouble the town had before when you can't do what you want. I'm pro-historic type homes, but if a guy wants a modern house, I believe he's got that right." Mr. Coquillette replied it depends on the way the ordinances are written; they can be less restrictive.

Selectman Hubbard expressed the opinion "we should get the feeling of local people because if those people who live in the proposed district are not interested, we should find out."

NOTED Beverly J. Klinka has resigned as a member of the Historical Commission, effective immediately.

Other items for sale include hand-crafted pillows, some quilted, some stenciled and some done in candle-wick designs. Many other types of articles handcrafted by our creative and talented people of the parish will also be available; plus fresh flowers and fresh vegetables from the garden for all who would like to purchase them.

"PAINT LINCOLN PARK RED DAY"

P.A.I.N.T. ORR (People Allied in a New Tack at ORR) is sponsoring an outing at Lincoln Park, North Dartmouth on Saturday, August 22nd, for children of all ages. "Paint Lincoln Park Red Day" will be a fun way to boost the Buy-A-Locker campaign towards its final goal, since a percentage of the ticket price of $7.00 ($5.00 for children 5 and under) will go to P.A.I.N.T. ORR.

The outing will begin at 1 p.m. and the admission price will include all rides all day, except for miniature golf. Tickets may be purchased in advance at Marble Hardware, Marion, at various area events, or by calling Diane Cook (748-2779), Lois Sager (758-4917), or Vicki McLaughlin (763-5092). Tickets may also be purchased on August 22nd at the group sales gate at Lincoln Park. Please identify yourself as being with P.A.I.N.T. ORR.

Diane Cook, chairman of P.A.I.N.T. ORR, says that $5,000 in contributions have been received to date, which is half of the $10,000 goal. In order to have the lockers electrostatically painted in time for school's opening, P.A.I.N.T. ORR needs to have $8,000 in hand by August 22nd to pay that cost. The remaining $2,000 is needed to pay for the other materials necessary to complete the two weekends of

Work will be underway from 8 a.m. to 8 p.m. both days, and help is still needed. If you wish to make a much needed donation to the Buy-A-Locker campaign, please make your check payable to P.A.I.N.T. ORR and mail to: P.O. Box 635, Mattapoisett, MA.02739. Remember, for each $10. contribution made to the Buy-A-Locker campaign by August 9, supporters will get one chance in a raffle which has the following prizes: $100. cash, a gift certificate to L'Auberge, ceramics by Lorraine Sowden, and a gift certificate for five pizzas from the Short Wave Grill. The drawing will be on Sunday, August 9th, at lunchtime at ORRHS. At the same time the ORRHS class which has made the largest financial contribution to P.A.I.N.T. ORR will be announced.

fund-raisers and generous donations, the Playground Improvement Committee is just $3,000.00 short of our $25,000 goal. Among our varied fund-raisers have been a "Mile of Pennies" collection, a Spaghetti Supper, a Valentine Dance, an Auction, a "Horror Movie" Night and running a Dunk Tank and fruit cup stand at the Harbor Days.

We have had several requests from individuals and corporations for our tax number. We have now been assigned this number and it can be obtained upon request, when sending in a donation or by calling one of the numbers below.

For those of you who have donated toward the Playground we wish to thank you again. If you have not yet donated please help us prove that "Mattapoisett (truly) is Special", and pitch in toward that last $3,000.00.

We have set Saturday, September 26th, as a tentative construction day. We have had several offers to help but we are in need of a co-ordinator with a contracting background to help organize the actual set-up of the new playground.

If you can help or if you have any questions please call: Tom Grondski, 758-6219; Patty Apperson, 758-4501; Debbie Chase, 758-6453; Kathy Hickey, 758-6597; Kate Webb, 758-2567; David Ewing, 758-2465.

QUESTION:

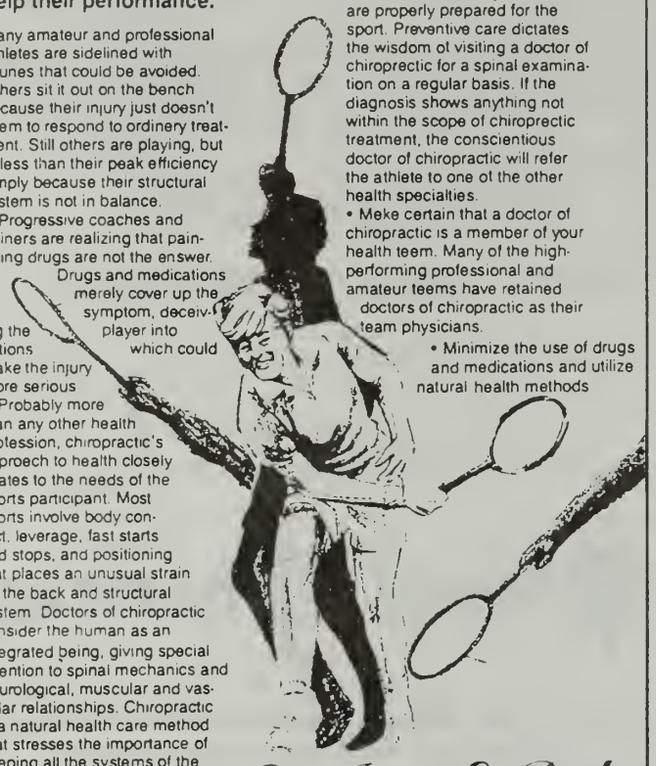
WHY SHOULD ATHLETES HAVE CHIROPRACTIC SPINAL MANIPULATION?

ANSWER: Because it can help their performance.

Many amateur and professional athletes are sidelined with injuries that could be avoided. Others sit it out on the bench because their injury just doesn't seem to respond to ordinery treatment. Still others are playing, but at less than their peak efficiency simply because their structural system is not in balance.

Progressive coaches and trainers are realizing that pain-killing drugs are not the answer. Drugs and medications merely cover up the symptom, deceiving the player into actions which could make the injury more serious

Probably more than any other health profession, chiropractic's approach to health closely relates to the needs of the sports participant. Most sports involve body contact, leverage, fast starts and stops, and positioning that places an unusual strain on the back and structural system. Doctors of chiropractic consider the human as an integrated being, giving special attention to spinal mechanics and neurological, muscular and vascular relationships. Chiropractic is a natural health care method that stresses the importance of keeping all the systems of the body functioning efficiently, so the player enjoys peak performance, a minimum injury risk and fast recuperative powers.



Here's what you can do:

- Make certain that your athletes are properly prepared for the sport. Preventive care dictates the wisdom of visiting a doctor of chiropractic for a spinal examination on a regular basis. If the diagnosis shows anything not within the scope of chiroprectic treatment, the conscientious doctor of chiropractic will refer the athlete to one of the other health specialties.
- Meke certain that a doctor of chiropractic is a member of your health team. Many of the high-performing professional and amateur teems have retained doctors of chiropractic as their team physicians.
- Minimize the use of drugs and medications and utilize natural health methods

At Dartmouth College Miss Talty plans to major in Russian and French, within the framework of a program in government.

Ms. Camacho, recipient of the MWC re-entry scholarship, earned an Associate of Arts Degree from Bristol Community College in 1980. Since, she has married, worked at Plymouth Savings Bank, and raised a young daughter. She is returning to college to complete her original goal, which is to earn a degree in elementary education and, ultimtely, to teach in one of the Mattapoisett elementary schools.

A THANK YOU

I would like to thank the following people for their assistance in the Rescue Squad's Boat-Explosion/Rescue Simulation at the Mattapoisett Harbor Day's Celebration:

Officer Joseph "Skip" Faulkner, Harbormaster Steve Mach, Fire Chief Donald Wood, William Nicholson, EMT Susan Lake, Victims Matt Heuberger, Rus DeMailley, Sean Ellis and David Lamoureaux, members of the Rescue Squad and The Secretarial Network; and most importantly the members of the Mattapoisett Lions' Club and interested community members.

Without the complete cooperation of the above people and in particular the town departments, demonstrations of this type would be completely impossible. Once again, my sincere thanks for all of your efforts.

curred to me that this is the problem. We desperately need a job description posted so that all know the vital role of a regional school committee person. I implore you, is that person's job to represent the particularly special needs of the regional school district student or the wishes of the voter who put that committee person in office? At this point in the budget process, it's impossible to do both. Seems to me that the job right now is to consider the needs of the students for that is why the school is there in the first place. They do not and more importantly can not vote for themselves. Therefore, a school committee must think of the student's needs. They and only they are the ones who meet with the superintendent, the business administration, the principals and teachers. They meet on a regular basis to realize those needs and the impact of budget cuts. Most of the voters can't possibly know all the information, although it is of course public record - both the minutes of the meetings and the budget. Can we please

clear up this age old problem? When we can answer this question, we will realize that this school committee is doing exactly what it should be doing - caring for those students who sorely need it, especially at this time of budget cuts beyond the meat and into the bone. This school committee has put the burden upon those who should meet it - (and hopefully will) the finance committees, assessors and selectmen who might let the voters know the facts in regard to how much everything will cost prior to the vote.

LETTER TO THE EDITOR

I know nothing of ORR School board meetings-schedules- open to the public. One thing should be available at any meeting, where any important proposed programs and needed repairs are laid out in plain English, also a question and answer period.

Among some comments I've heard - 22 thousand to take the younger children on field trips? a Multitude of teachers' aides, whereas in the past teachers did their own work.

Why isn't a building maintenance fund set up- probably initially small - as so much has to be paid out to rectify past neglect.

Each course laid out in approximate costs, whether chess, sports, regular course, etc.

A tighter grasp of the overall picture of the system at town meetings - usually when asked about any cutbacks there seems to be no idea, rather a vague guessing what might be involved.

My concept of the money sum asked on the written ballot was the most nonsensical concoction - no designation I could perceive. No one in their right mind would sign an almost "blank" check.

Just because some people assumed that many people knew and had heard that the money would go to the particular segment of the school system, I believe that any ballot question to be voted on should be specific in black & white (color too?)

The towns - maybe towns and state - should begin discussions of how to set up a continuing program so that schools are not allowed to gradually get rundown and cost probably many times more to repair and rebuild, and become disgraceful - besides giving students a dim view of the world they are living in.

"The Sundowners" (1950 Color) is a suspenseful western about a range war between peaceful ranchers, The Cloud Brothers, and a gang of rustlers, smaller ranchers jealous of the Cloud's success. The film has all the ingredients of a classic western including a colorful anti-hero as the late Robert Preston turns in the performance of his career.

Preceding the feature film, Laurel and Hardy make their final appearance in the classic film-short, "Them Thar Hills". Bugs Bunny takes his final bow in the cartoon, "Over Rabbit Over".

keeping with the oriental theme of the day, Mrs. Eileen Wolfe of Centerville, a member of the Haiku Society of Cape Cod, will read some haiku -- a Japanese form of unrhymed poetry.

At 2 p.m. Mrs. Brunna Henn of Marstons Mills will demonstrate the use of lotus pods in floral design and explain the principals of oriental flower arranging. Each year thousands of dried seed pods from the lotus are gathered for use in arrangements and wreaths. Some will be for sale at the festival. Light refreshments will be available. Guests may bring their own lawn chairs.

The Lotus Festival is sponsored by the Friends of Ashumet and proceeds are used to help maintain the Sanctuary. Admission is $4. ($3. to members). Ashumet Holly Reservation is located off Route 151 and Currier Road in East Falmouth. For more information please call 563-6390.

of the Open Air Art Show, sponsored annually by Friends of the Dartmouth Libraries. It will take place on the lawn of the village library from 10 a.m. to 4 p.m. on August 15th.

Traditionally, the work of area artists is featured. This year will be no exception; all persons working in the field of graphic arts and presently residing in southeastern Massachusetts are cordially invited to enter their work for exhibit and/or sale. All work in a two-dimensional medium, be it easel or camera art, is eligible for entry, at no exhibitor fee. It will not be previewed or judged, and sales will be permissible with minimal percentage arrangement.

The viewing public will likewise be welcome to attend at no charge, and free refreshments will be available at the event.

Artists wishing to participate should contact the show manager, Doris Rowbotham, by telephone at 992-6825 to register and discuss with her the physical set-ups and space they propose to use for displaying their work. The next day, Sunday, August 16th, is proposed as a rain date.

ST. JUDE'S NOVENA

May the Sacred Heart of Jesus be adored, glorified, loved and preserved throughout the world now and forever. Sacred heart of Jesus, pray for us. St. Jude, worker of miracles, pray for us. St. Jude, help of the hopeless, pray for us.

Say this prayer 9 times a day. By the 8th day your prayer will be answered. Say it for 9 days. It has never been known to fail. Publication must be promised. Thank you St. Jude.

When I opened my first camera shop, in 1979, I had tested just about every lens available and decided, on the basis of quality and price, that KIRON was the best buy on the market. I have sold them ever since. Now, we have been notified that KIRON will no longer distribute their product in the USA (though they will in Europe, Canada and the East). The five year warranty that is given with ALL KIRON lenses will be honored, but we will have no more when my current stock is exhausted. Please look carefully at the following list. It represents a chance for you to buy a great lens at a true close-out price.

New Black Eagle Jazz

FUND-RAISER FOR HERITAGE PLANTATION

The New Black Eagle Jazz, among the best of the U.S. Dixieland groups, will perform in concert at Heritage Plantation on Cape Cod Saturday, August 8th, at 7:30 p.m. Rain date is Sunday, August 10th.

As a fund-raising measure to help defray some of the expenses of the entire summer concert series, an admission charge will be required for this program. Tickets for the day will not be honored for the evening concert. All passes, membership privileges and discounts are also suspended for this performance. Advance tickets can be purchased by calling the Museum at 888-3300, ext. 35.

The Black Eagles possess many special qualities. Obviously they love and respect the sources of their inspiration, but they also subtly remind the listener that the perspective gained over a half-century

can imbue the music with a vital new life. One example would be Eli Newberger's approach to that venerable instrument, the tuba; nobody played like that in the 20s, but it fits, and moreover, it enhances the band's New Orleans-style jazz.

Cornetist and leader Tony Pringle, born in Great Britain rather than New Orleans, is a computer engineer. Of the other members of the "front line", clarinetist Hugh Blackwell is an electronics consultant, and trombonist Stan Vincent is president of an advertising agency. Conservatory-trained pianist Bob Pilsbury is a practicing psychologist, and banjoist and manager Peter Bullis is an architect with particular interest in church architecture. Drummer Cees Hans Pamiejer is a dentist, and faculty member at Boston University. Tubist Newberger is a pediatrician. Perhaps none of these individuals is a true Renaissance man, but their broad collective pursuits certainly give testimony to the universality of the traditional jazz experience that sprang from such simple roots.

The group has a busy schedule of appearance, a schedule that has them spreading contagious joy through club, concert and festival audiences. They have produced numerous outstanding records and as the Eagles' reputation has spread so has the clamor

GAIL MONTGOMERY TOURNAMENT

On Wednesday, July 29th, seventy-one members of the Little Harbor WGA held a best-ball tournament dedicated to the memory of Gail Montgomery Crocker. Gail Montgomery played a very important part in the formation and growth of the LHWGA and is fondly remembered by all who knew her. A plaque hangs in the clubhouse with the names of each year's first place team in the tournament. This year's winning team is Barbara Meehan, Ruth Black, and Winnie Carter. Vi Santoro had a hole-in-one on number eleven. Four teams tied for second place: Wendy Forbes, Joanne Stevens, Marie Hamblin, Gladys Sundling; Sylvia Fish, Jackie Ouimette, Ruth Beaton, Esther Chapman; Bern Atwood, Claudia Pendergast, June Bruce, Michelle Roy; Dot Lazarus, Laura Buitta, Ginnie Moore, Jean Keir. Closest to the pin on hole number one was Kitty Borden, and Jackie Ouimette was closest on fifteen.
